Powerful Environmentally Friendly Engine

The Powerful Environmentally Friendly 28hp ‘Green’Engine will offer operator quietest, smoothest but most powerful working condition.

Hi/low Speed Ranges

The HST models feature a Hi/Low range transmission to maximize performance and efficiency.

Increased Hydraulic Pump Capacity

Thanks to increased hydraulic pump capacity that enables faster implement work. With the class's best 42.9 liters/ min hydraulic pump capacity, you will experience the best work efficiency.

New Compact design

Compact but more Powerful CK2810 comes with new streamlined hood design, which improves visibility and serviceability of the operator. A vertical opening hood allows for easy access to the air filter, fluid service, fuse box and electrical components for inspection.

Foldable ROPS

The standard foldable ROPS makes it quick and easy to maneuver in low clearance areas.

Hydraulic 4WD

Front wheel driving is easily engaged by hydraulic clutch.

Power Steering wheel

With hydraulic power steering, experience smooth responsive steering that requires minimal operator effort regardless of the task at hand.

Illuminated Dashboard

The dashboard illuminates when the engine starts. The digital gauge package includes tachometer, fuel and temperature gauges along with low fuel and high temperature warning lamp.

Hydrostatic Transmission (HST)

The HST models feature performance proven, heavy-duty HST drives that deliver power smoothly and efficiently. A single pedal control allows speed and direction changes without clutching or shifting. With Kioti HST drive system, your hands remain free for steering and implement control.

Single Lever Joystick

The operation of the front loader is made easier by the use of a single lever joystick. The joystick allows you to perform all loader functions conveniently. The lever automatically returns to neutral and the loader stops in place when the joystick is released. A float position allows the bucket free floatation over the ground surface.

Front Loader

The Kioti KL2510 front loader is specially designed for CK2810 tractor, providing efficient performance with single joystick control. The Kioti loader is designed for quick and easy attachment/detachment.
